AUTUMN WINTER 2022

SARAH + MAUDE
FINE LETTERPRESS STATIONERY

WELCOME

Sarah and Maude is a little letterpress studio producing sweet and stylish stationery. My designs are a happy blend of new and old: a whimsical modern aesthetic and a love of traditional printmaking. All of my work is proudly designed and printed in my Derbyshire studio, with the help of my antique print press, Maude.

Inks are mixed by hand, the press powered by foot, and each piece printed one at a time, resulting in truly authentic handcrafted stationery.

I'll leave you to have a browse through this Autumn Winter catalogue and I hope you enjoy looking at my products as much as I enjoy printing them.

Thanks for stopping by!

Sarah

THE TEAM

SARAH

My love of letterpress began as a design student almost 20 years ago and I'm happiest when stood at the press with my fingers covered in ink. There's just something about the process of seeing a design come to life on paper, using a traditional hands-on craft, that's incredibly satisfying, and a little bit magical.

MAUDE

At over 100 years of age, Maude brings a certain 'maturity' to the studio. This 300kg cast iron beauty is a Golding Pearl Improved #11 print press, originally manufactured in Franklin Massachusetts (the stories I wish she could tell!). She may be old (and a little temperamental at times) but she's an absolute workhorse.
